To Whom It May Concern:

Gary Marandola is a well known client and a reputable and responsible breeder of Shih Tzus. The breeding dogs are well cared for and kept up to date on their vaccines and receive regular veterinary care. The breeding operation impresses me as very clean, well run with the purpose of raising healthy, desirable pets. In my opinion, the puppies are of excellent Quality as a result of healthy parents, good breeding and exceptional care.

It is without reservation that I recommend GMK Family Shih Tzus.

Sincerely,

A handwritten signature in blue ink, appearing to read "David J. Lambert, DVM".

David J. Lambert, DVM
